# President's message

- What a wonderful fall we are having, the rain has been wonderful. Thanks to Craig Fisher, we have a very interesting venue for this meeting. The Senior Citizens will welcome us and a delicious meal will be served. The annual will be ready to pick up and this two volume annual is honoring the McElroy ranch with personal stories and photo's. I think it will be in high demand, so better come get yours. The cater really needs a head count to insure enough food for all. Hope to see everyone there.
- The speakers from the fall meeting were so interesting. Wish there was a way to include the music from the Tank Town Boogies.
